

Quality Hour – JAN Edition (Live Webcast)

USP is pleased to kick off a series of webinars to keep you up to date on USP-NF, Reference Standards as well as USP initiatives and activities in Asia Pacific. This month we will also discuss about **“Quality Peptides with USP”**

For this month’s session you will be able to:

- Have an overview of the peptide therapy manufacturing workflow
- Understand the challenges associated with characterization requirements for Peptide APIs and Impurities, as well as relevant guidances.
- Learn more about USP’s offerings of therapeutic peptide standards and new impurities for Leuprolide Acetate, Octreotide Acetate, Oxytocin and Teriparatide.
- Receive updates on the USP-NF, Reference Standards and other USP resources
- Identify USP staff and activities in Asia Pacific
